# ROSIS SHARMA

---

## ABOUT

I am a front-end web designer, currently studying Web and Mobile Design at Rochester Institute of Technology. I'm interested in co-op opportunities where I can utilize and enhance my skills. I'm very passionate about creating UI/UX design that improves the user experience.

## EDUCATION

**Rochester Institute of Technology**, *Bachelor's Degree, Expected May 2020*

**Onondaga Community College**, *Associate's Degree, August 2015 - December 2017*

## WORK EXPERIENCE

**United Radio** — *Shipping & Receiving*

June 2016 - Present

- Quality Control Specialist
- Ship Packages
- Receive Packages
- Scan incoming/ outgoing packages

## PROJECTS

**Clothing Website** — *A web application that lets the user browse through interactive catalogue of clothing appeals.*

Learned:

- How to connect MySQL database to html and store user data.
- Implementing web animations with JavaScript and web support for the disabled.
- Making a responsive design with the use of Adaptive Images.

**Client/Server** — *A java application that allowed users to send files/images over a network.*

Learned:

- How sockets are used to communicate with different computers.
- Handling different kind of Exception errors.
- Using threads to log messages to the GUI.

## SKILLS

HTML/CSS, Java, JavaScript, SQL, PHP, Adobe Creative Suite, User Interface Design
